Hey guys! Wanna come down here and tell me his list of crimes?

SG: I personally think that the punishment should fit the crime. What do you think?
DB: Definitely!

So first of all, you took this...human tool kit...from the Treasure Room. What even is this? A torture kit of some sort judging by all of the sharp-

Didn’t you three also take a piece of Dry Bones as well?

For taking from the Treasure Room, we’re gonna take your crown. It’ll make a lovely wedding present for Princess Peach to SEE!

You don’t mind if we use one of these tools for your next punishment. You took a body part, eh?

DB: You’re gonna want to put this in your beak, otherwise you’re gonna break you’re little teeth off!
